

The Honeywell CommercialPRO™ 7000 is an attractive, large-screen choice that looks great and saves energy.

Perfect for smaller commercial settings such as restaurants, banks, small businesses and more, the CommercialPRO 7000 features a display that's twice the size of competitive thermostats while still maintaining a sleek, slim body. So along with the energy savings your customers will enjoy from the menu-driven programming of the CommercialPRO 7000, they'll also appreciate its stylish look on their walls.

CommercialPRO™ 7000

Good Looks. Great Features.

Large, Easy-To-Read Display

Screen size is more than double competitive thermostats in this class, allowing for more information to be displayed on the easy-to-view backlit display.

Multiple Lockout Levels

Save energy and money by preventing unauthorized setting changes.

Holiday Setback

Lets users select the temperature to maintain while they're away from the building without re-programming. Menu-driven programming makes it even easier.

Saves Energy

Easy-to-use, menu-driven programming helps your customers save up to 33% off energy bills.¹ Energy Star® compliant.

Title 24 Energy/Air Quality Compliance

Preoccupancy Purge and Override Limits meet all fresh air and override limitation requirements. Qualifies for utility rebates.²

Commercial Comfort

Commercial algorithm, configurable recovery ramps, and temporary override button allow users to control at setpoint and guarantee a comfortable environment.

¹ If used as directed. Savings may vary depending on geographic region and usage.

² Where applicable.
